

**OUTSTANDINGLY BRITISH
EYEWEAR COLLECTION**

2018

IN THE MEDIA

Sunwise® is always overwhelmed by the growing support and response the brand receives from the media. Reviews, product features and editorials can be found in a wide variety of sporting publications and online channels. Sunwise® products continuously receive a positive response, with the excellent build quality and innovative designs being highlighted in numerous publications.

"The new golf collection delivers high quality vision, comfort and good value for money".

Bunkered Magazine

"Above all it was the lightweight comfort that impressed our testers who commented that they hardly noticed they were wearing them. Incredible value for money."

Hastings Fire in Athletics Weekly

"There's very little in the way of glare, reflections or refractions from the Parade, and a half frame means great visibility."

Parade Grey in Outdoor Enthusiast

"These glasses offer great protection no matter the weather, a sturdy but flexible frame allows for lens changes on the go."

Evenlode Blue in Trail Magazine's Gear Guide

"Good all round protection with panoramic lenses, anti-fog technology and a water-repellent feature"

Wellington GS Black in Cycling Weekly

Sunwise® continues to grow and increase its market share in key sports sectors even in the current economic climate. On the back of a successful 2017 season Sunwise® has furthered its development into British eyewear innovation, offering a blend of new and best-selling designs.

The 2018 range features new innovative models as well as fresh colour designs to some of the best-selling models, meeting all the possible needs of the consumer's lifestyle. This brand new season includes more ranges than ever, more lens options and the latest in British innovation. Each model has outstanding build quality and all the USPs you have come to know from the Sunwise® brand.

Sunwise® is committed to excellence and making the best of British sports eyewear available worldwide. This excellence has been recognised many times by the Department for International Trade and the media, with the brand winning awards including "Demonstrating Excellence in International Trade".

Mission Statement:
"To provide outstandingly British performance eyewear for all sporting & leisure activities".

UK
TRADE &
INVESTMENT

ABOUT SUNWISE®

Sunwise® was founded in 1996 after high demand for affordable performance sports eyewear. Located in the University City of Oxford, the company models itself on the pillars Oxford stands for: quality, innovation and effortless style. Parent company Trans-Global Sports Ltd has led the way in quality and service in the sports industry since 1988.

Following the overwhelming success of the first collection, the team have been able to adapt to the latest trends in the world of eyewear. Sunwise® are always looking for new and innovative ways to improve the look, feel and overall design of the sunglasses, including a bespoke sports RX® range. Resulting in what they have created today, a collection filled with affordable performance eyewear which showcase the best in British design and quality.

Over the last 20+ years Sunwise® has listened and worked closely with consumers and customers involved in the industry to develop a collection that is not only innovative but multi-functional. By focusing on a wide range of sports, the team have designed a collection that suits the needs of all athletes, no matter the conditions they face. This is how Sunwise® has established itself as a globally recommended British eyewear brand.

Sunwise® is always seeking new and innovative ways to improve and provide solutions for customers by using the best quality materials. The brand has excelled and is now available at a wide range of sports & outdoor retailers as well as opticians. It is also a worldwide UK exporter.

Sunwise® loves to support its distributors, stockists and consumers. The customer service team helps to assist with all enquiries, such as additional information on ranges, lenses, spare parts and replacements. Sunwise® prides itself on their excellent customer after sales service and being a trustful company customers love.

Lens Standards

Sunwise® sunglasses offer 100% UVA & UVB protection against invisible ultra violet rays. All glasses conform to the international standard requirements ISO 12312-1; personal protection equipment for general purpose. Class 1 – superior optical quality.

The Sunwise®  mark guarantees this compliance.

SUNWISE® IS PROUD TO INSPIRE, SUPPORT AND DEVELOP WITH EVERY PART OF ITS GROWING COMMUNITY.

Giving back to the community has always remained at the heart of Sunwise®. Since the beginning the brand has looked to support its community in any way possible. It has continued to grow in the form of stockists, distributors, sponsors and of course the everyday consumer. Sunwise® is thankful for all the support from the brand community.

Sunwise® loves to hear from its customers, focusing on their feedback, lifestyle and shopping experience. This way they can continue to make improvements that meets all of their needs. Listening to the everyday consumer has resulted in so many innovations the company is known for.

For nearly 20 years Sunwise® has been supporting a wide range of ambassadors in their field. The ambassadors range from teams such as RAF Typhoon Display Team and England Athletics to up and coming athletes such as triathlete James Hodgson and windsurfer Emily Hall.

Sunwise® is proud to grow and engage with the community across all forms of social media. It is a valuable tool to share pictures, news and provide advice whilst showcasing the more fun and approachable personality of the brand.

CONTENTS

*"By wearing my Sunwise
Sunglasses I'm confident
that my eyes are protected
and I also run more
comfortably"*

Mimi Anderson
Endurance Runner

*"They are an essential piece
of equipment that help
provide comfortable vision
for me during training and
at important competitions"*

James Ledger
100m Sprinter

*"They also keep the wind
and rain out of my eyes and
with their comfortable fit,
clear vision and anti-fog
coating they allow me to
focus on the task at hand."*

James Hodgson
GB Triathlete

*"They've come with me to
competitions as far away
as Dubai and I've always
found them to be a really
comfortable fit."*

SUNGLASSES THAT
OFFER OPTIMAL
CLARITY WHEN ON
THE GO

Block out glare and increase colour contrast with Sunwise® range of polarised models, featuring British designs and lightweight frames that can be applied to a number of sports. These polarised models offer great clarity when out in the sun, especially when near water or other extremely reflective surfaces.

“On a sunny day it was nice to walk the golf course without squinting, the anti-glare does its job.”
